- I. Announcement of Compliance:
 - Mr. Kaye read the following statement:

It is hereby announced and recorded that the requirements of the Open Public Meetings Act as to proper notification of time and place of meeting have been satisfied.

The Open Public Meetings Act, or Sunshine Law, requires that the Board notify the public of impending meetings, and that it conduct those meetings in public. It does not require participation in those meetings.

The Board has published procedures to offer members of the public and members of the campus community opportunities to address issues relevant to the Board's powers and duties. Requests to speak to the agenda items must be registered at least 24 hours in advance of the meeting. Request to speak to other items relevant to the Board's powers and duties must be submitted in writing one week prior to the Board meeting, and should specify in detail the nature of the topic and comments. Forms to register are available in the Office of the President. These procedures are designed to encourage the orderly conduct of the Board's business, to support duly established College relationships, and to ensure that thoughtful discourse characterizes the Board's deliberation.

Comments from persons registered to speak are limited to a reasonable length of time. Members of the public may not make motions. The Board may choose, after hearing a comment, to refer the issue to committee, to refrain from action entirely, or to defer discussion to a more appropriate time.

CONSIDERATION OF A RESOLUTION OF APPROVAL FOR THE TOTAL COST OF AND AWARD OF CONSTRUCTION CONTRACTS ASSOCIATED WITH THE ELY, ALLEN AND BREWSTER HALL RESTORATION AND RENOVATION PROJECT

WHEREAS: The Trenton State College Board of Trustees approved on December 5, 1991 a resolution approving a Planning Document for the Ely, Allen and Brewster Hall Restoration and Renovation at a total project cost of \$1,989,650, based upon construction cost estimates of \$1,383,000; and

WHEREAS: The President has forwarded this Planning Document to the Chancellor and upon the Chancellor's recommendation, the Board of Higher Education approved this planning document at its January 24, 1992 meeting, at a total cost of \$1,989,650, based upon construction cost estimates of \$1,383,000; and authorized the College to proceed to award construction contracts provided the total construction cost is within 10% of \$1,383,000; and

WHEREAS: The College has received competitive construction bids, which have an aggregate base bid cost of \$1,554,000 and add alternate costs that total \$382,164, which results in a total construction cost of \$1,936,164 and a total project cost of \$2,660,162; and

WHEREAS: The increase in the project's construction cost is attributable to a compression of the construction period duration; a discounting of the construction cost estimate, which while based upon recent cost savings experience in other College major construction projects, did not occur on this project; and, an increase in project scope to add a new electrical transformer and installation of a telecommunications system into these facilities; and

WHEREAS: It is fundamental to the continued provision of a residential undergraduate experience at Trenton State College and the one hundred fifty five student residence beds are necessary to offer that residential undergraduate experience; now therefore be it

RESOLVED: That the Trenton State College Board of Trustees hereby approves the Ely, Allen and Brewster Hall Restoration and Renovation at a revised total of \$2,660,162 to be funded from available accumulated auxiliary services funds; and be it further

RESOLVED: The President is authorized to make an initial award of construction contracts at a cost not to exceed \$1,554,000, and to seek a credit change order in an amount of \$35,000, in order assure the total construction cost is within 10% of \$1,383,000; and be it further

The state of the s

RESOLVED: The President is authorized to forward this increased project cost to the Chancellor for his recommendation to the Board of Higher Education for its consideration of approval at its March, 1992 meeting; and be it further

RESOLVED: That contingent upon the Board of Higher Education approval of this increased total project cost, the President is authorized to make supplemental contract awards to complete this entire project at a cost not to exceed \$2,660,162.
